

DutchPhotonicsEvent Conference

Photonics against COVID-19

Tuesday 24 November, 15:00 - 17:00

Session chair: Frans Harren

Welcome

PhotonicsNL

Sonia Garcia Blanco

Twente University

Integrated photonic sensors towards the detection of COVID-19 biomarkers

Luc Scheres

Surfix

From photonics to diagnostics

Start-up pitch

Beate Stevens

AeroCount

Arno van de Kant

Spektrax

Beyond COVID-19, multiplatform diagnostics

Maarten Merkx

Eindhoven University of Technology

Bioluminescent immunoassays in solution: no washing, less waiting
